

Schwertberg | Headquarters

Central Administration

Central Technology and Development

Automation Centre

Production of small to medium-sized machines
up to a clamping force of 5,000kN

- **Founded in 1945**
- **1,600 employees**
- **Production floor space: approx. 38,600m²**

Pyungtaek-City | Small and medium-sized machines

Production of small to medium-sized machines up to a clamping force of 4,000kN

- **Founded in 2000**
- **160 employees**
- **Production floor space: approx. 11,000m²**

St. Valentin | Large-sized machines

Production of large-sized machines with clamping forces of 3,500kN to 55,000kN

- **Founded in 1988**
- **1,000 employees**
- **Production floor space: approx. 57,300m²**

Shanghai | Large-sized machines

Production of large-sized machines with clamping forces of 3,500kN to 40,000kN

- **Founded in 2005**
- **330 employees**
- **Production floor space: approx. 18,100m²**

York | Large-sized machines

Head office of ENGEL North America
Assembly plant for customized machines
and individual project solutions

- **Founded in 1989**
- **120 employees**
- **Production floor space: approx. 11,000m²**

Dietach | Automation

Production of robots and automation components

- **Founded in 1998**
- **200 employees**
- **Production floor space: approx. 8,000m²**

Hagen | Automation

Production of automation equipment

- **Founded in 2003**
- **50 employees**
- **Production floor space: approx. 2,000m²**

Kaplice | Component manufacturing, Conveyor-belts

- **Founded in 2009**
- **650 employees**
- **Production floor space: approx. 17.300m²**

Changzhou | WINTEC

Production of WINTEC machines
clamping forces of 4,500kN to 17,500kN

- **Founded in 2014**
- **90 employees**
- **Production floor space: approx. 20,100m²**
